

DRAWING ROOM

Draw Your Own Collection

PRICING 2021

Who are we?

Drawing Room Store is a project created with the idea of setting up a **marketplace** entirely dedicated to the contemporary drawing.

It was born with the intention to provide continuity to our two art fairs Drawing Room Madrid and Drawing Room Lisbon, to whom many galleries have always taken part.

Right now, we have around **fifty galleries** from all over the world.

What do we do?

Drawing Room Store offers to our international galleries a **virtual platform** where selling their artworks. The store is entirely managed by the Drawing Room team, which deals with the **update of the pictures and redaction of the texts**, with the **social media and website management** and the creation of **newsletters** addressed to our **12.000** contacts from all over the world.
